

CLIENT CONSENT FORM

Facility: _____

STEP 1: CLIENT/REPRESENTATIVE DETAILS (As shown on DVA/Medicare card)

Client Details

Title: _____ First Name: _____ Surname: _____ DOB: / /

Medical History: _____

Allergies: _____

Authorised Consentee Details

Title: _____ First Name: _____ Surname: _____ Relationship: _____

Address: _____ Phone: _____

Email: _____

I hereby consent to W&L providing the nominated service(s) to the above client. I acknowledge that I am financially responsible for the cost involved in providing dental services.

Signature: _____ Date: / /

(In the event that further treatment is recommended by the dentist, you will be contacted for further approval)

Staff Use Only - Verbal/Phone Consent

Date: / / Time: _____ Staff Name: _____ Staff Signature: _____

STEP 2: CONSENT FOR ASSESSMENT

Dental Assessment Package - Comprehensive Exam & Clean (Comprehensive oral examination including oral hygiene instructions (care plan), scale, clean, fluoride treatment and service fee). X-Rays (if required) will be charged per exposure.

Denture Only Examination (Assessment of gum health and review of denture fit). If it is identified that additional denture work is required (e.g. repair, relines, etc.) then an individual quote will be prepared for approval.

** If a client has both dentures and natural teeth, then a dental assessment is required*

STEP 3: CONSENT FOR DENTAL TREATMENT

In the event that dental treatments are required, I consent to the following interventions:

Fillings **Extractions**

NB: If consent is not received and a separate visit is required to complete treatment then a separate attendance fee may be charged

STEP 4: MAINTENANCE OF ORAL & DENTAL HEALTH The average person should have a scale and clean at least once every 6-12 months. For older adults who have difficulty with oral hygiene (e.g. twice daily brushing with good technique) the recommended frequency is 3-monthly. Check-up, scale, clean, and fluoride treatment to occur:

3 Monthly **6 Monthly** **12 Monthly**

D534	\$251.00
D535	\$292.00

Note: An additional service fee of \$50.00 will be charged to each dental visit (initial denture examination excluded).

How does the price of W&L Mobile Dentistry compare to other clinics?

When compared to Choice Magazine's article 'Dental fees: is the price right?' W&L's prices for a check-up (including examination, scale and clean, and a fluoride treatment), x-rays, extractions, and fillings are all within the average cost range for a conventional dental surgery. This means that for a similar cost (or less) these services can be received in the comfort and convenience of the home.

Can services be bulk-billed through Department of Veterans' Affairs (DVA)?

Yes, W&L can provide bulk-billed services for eligible DVA Gold Card holders. For residents of an aged care facility this applies regardless of 'Low Care' or 'High Care' status.

Can dental services that W&L provide be claimed through private health insurance?

Yes, depending on your fund and level of insurance.

What if the dentist identifies that additional work is required? No work will be undertaken without consent and approval by a resident/representative. If you are a resident's representative, then you will be notified of the appointment day/time so you can be contactable - the dentist will then call to discuss the needs.
